

900/976 CALL BLOCKING SERVICE AVAILABLE

Messages you receive by dialing telephone numbers that begin with "900" and "976" can provide you with a wealth of information, like sports scores, stock quotations, and many other services. Please note, there is an extra charge for calls to numbers beginning with either "900" or "976".

Many customers believe that some information available to them through "900" and "976" services could be of value. However, in response to public concerns over possible misuse of the service or objectionable messages, our company has **900/976 Call Blocking Service** available.

The service will enable your phone to automatically block all calls to "900" numbers and all calls to "976" numbers within your area code. We can not restrict some "900" or "976" calls while allowing others to be completed.

There will be no charge for restricting your phone the first time. All you need to do is complete the authorization form below and return it to our business office. You may cancel anytime by signing a release telling us to remove the **900/976 Call Blocking Service**. But, if you later decide to reorder **900/976 Call Blocking Service**, a service charge will apply.

If you have any questions or need more information, please call our business office.
